Subject: Prioritising better health for all Europeans

Brussels, 3 June 2026

Dear President von der Leyen,
Dear President Costa,
Your Excellencies,

We, the undersigned, make a united and urgent appeal; **the European Union's Multiannual Financial Framework (MFF) for 2028-2034 must include an earmarked budget envelope for health.**

The COVID-19 pandemic demonstrated that health is central to Europe's stability, security, and prosperity. It also led to an ambitious proposal: a European Health Union, endorsed by the European Council and grounded in the recognition that healthcare is a fundamental right. The

Council of the EU acknowledged that Europe's citizens expect a stronger and more effective EU role in protecting their health, not only in times of crisis but as a sustained responsibility.

That public commitment by EU Member States is now at risk. The next long-term EU budget contains no standalone provision for health. Without it, the ambition of a European Health Union cannot be realised. A framework without dedicated financing is not policy. It is aspiration without delivery.

It is why the European Parliament has responded with overwhelming consensus, calling for €10.05 billion to be allocated for health within the EU's next long-term budget 2028-34.

We therefore urge the European Commission and Member States to revise the MFF proposal accordingly:

- Ringfence health as its own budget line within the European Competitiveness Fund - separated from budgets for Agriculture, Biotech, and Bioeconomy.
- Ensure a dedicated health component within the 2nd pillar of the Horizon Europe proposal.

The case is not only human, but also economic. Investment in health drives resilience and growth. Evidence from Horizon Europe indicates that each euro invested in health research can generate returns of up to €11. At the same time, Europe already spends approximately €1.7 trillion annually on healthcare, around 10 per cent of GDP, a figure that is expected to rise without stronger investment in prevention, early diagnosis, and system efficiency.

The human cost is immediate. In 2023, an estimated one million people under the age of 75 died from preventable or treatable conditions. This is not a future risk. It is an urgent call for action.

The MFF is more than a budget framework. It is a statement of political priorities.

We call on the European Commission and Member States to put people first, to respond to the European Parliament's call, and **to put a strong health component back into the EU's long-term budget.**

Yours faithfully,

1. **Prof. Achilleas Floudas**, Assistant Professor and & Lead of the Medical Biology Immunology Group University of Ioannina, Greece
2. **Adolfo Rodriguez**, Physiotherapist, Linde Médica, Spain
3. **Prof. Agnieszka Szadkowska**, Dept. of Paediatrics, Diabetology, Endocrinology and Nephrology, Medical University of Łódź & Member Board of Directors, Diabetes Poland, Poland
4. **Dr Agustín Valido Morales**, Head of the Pulmonology Department, Hospital Universitario Virgen Macarena (HUVVM), Sevilla, Spain
5. **Aitor Asensi Jurado**, Pulmonologist, Policlínica Gipuzkoa, Donostia–San Sebastián, Spain
6. **Prof. Alastair Webb**, Clinical Associate Professor of Stroke Medicine, Imperial College London, United Kingdom
7. **Dr Albert Riudor**, Medical Doctor, Hospital Clínic Barcelona, Spain

8. **Dr Alejandra López Giraldo**, Pulmonologist, Hospital Parc Sanitari Sant Joan de Déu, Spain
9. **Dr Alejandro Alvarez Brito**, Pulmonologist, Hospital of Denia, Spain
10. **Prof. Aleksandra Araszkievicz**, MD PhD, Poznan University of Medical Sciences, Poland
11. **Alessio Mattei**, Hospital Doctor, A.O. Santa Croce e Carle Hospital, Cuneo, Italy
12. **Dr Alexander Hann**, Internal Medicine and Gastroenterology, Professor of Digital Transformation in Gastroenterology and Deputy Head, Division of Gastroenterology, University Hospital Würzburg, Germany
13. **Prof. Alexander Tsiskaridze**, Chairman, Department of Neurology, Ivane Javakhishvili Tbilisi State University, Tbilisi & President, Georgian Stroke Association, Georgia
14. **Prof. Alexandru Corlateanu**, President, Coalition for Respiratory Health Moldova, Moldova
15. **Alexei Karpenko**, Pharmaceutical Strategist, European Fair Pricing Network, Netherlands
16. **Alice Chapman-Hatchett**, Past President, European Public Health Alliance (EPHA)
17. **Alicia Ferreira**, Medical Doctor and Respiratory Physician, Hospital Ruber Internacional Madrid, Spain
18. **Alícia Josa Culleré**, Researcher, Spain
19. **Dr Alicia Padilla-Galo**, Physician, Spain
20. **Dr Amalui Vasquez**, Paediatric Pulmonologist, Hospital Universitario Joan XXIII de Tarragona, Spain
21. **Amaya Saez**, Executive Director, Menudos Corazones Foundation, Spain
22. **Dr Amir Eslami**, Pulmonology specialist, Perugia, Italy
23. **Dr Ana Cachado**, Medical Doctor, Lisbon, Portugal
24. **Dr Ana José Seco García**, Polmonologist, Hospital de León, Spain
25. **Dr Ana Paiva Nunes**, Medical Doctor, Unidade Local de Saúde de São José, Lisbon, Portugal
26. **Dr Ana Rano**, Pulmonologist, Hospital Quiron Barcelona, Spain
27. **Dr Ana Sofia Nunes de Oliveira**, MD Neurologist, Hospital da Luz Lisboa & Member, Alzheimer Portugal, Portugal
