

**INTERACT
EUROPE**

Our development of an inter-specialty
cancer training programme across
Europe

INTERACT-EUROPE is an 18-month project (June 2022 – November 2023) co-ordinated by the European Cancer Organisation and co-funded by the EU under the EU4Health programme 2021–2027 as part of Europe’s Beating Cancer Plan.

The first funded phase of the project will

- Create a **curriculum**
- Recruit an **early cohort of trainees & cancer centres**
- Set out a long-term vision for **inter-speciality cancer training** in Europe
- Investigate the application of **novel technologies**

INTERACT-EUROPE embraces the values of **patient-centricity and inclusivity** and aims at making a lasting contributing to **improved cancer patient outcomes and patient care** across Europe.

Impact?

The INTERACT-EUROPE project encompasses several aspects of innovative, patient-centred care and aims to produce an impact lasting well beyond the project duration. It resonates with other EU policies, programmes and legislation – e.g. CERV, Erasmus +, Digital Agenda.

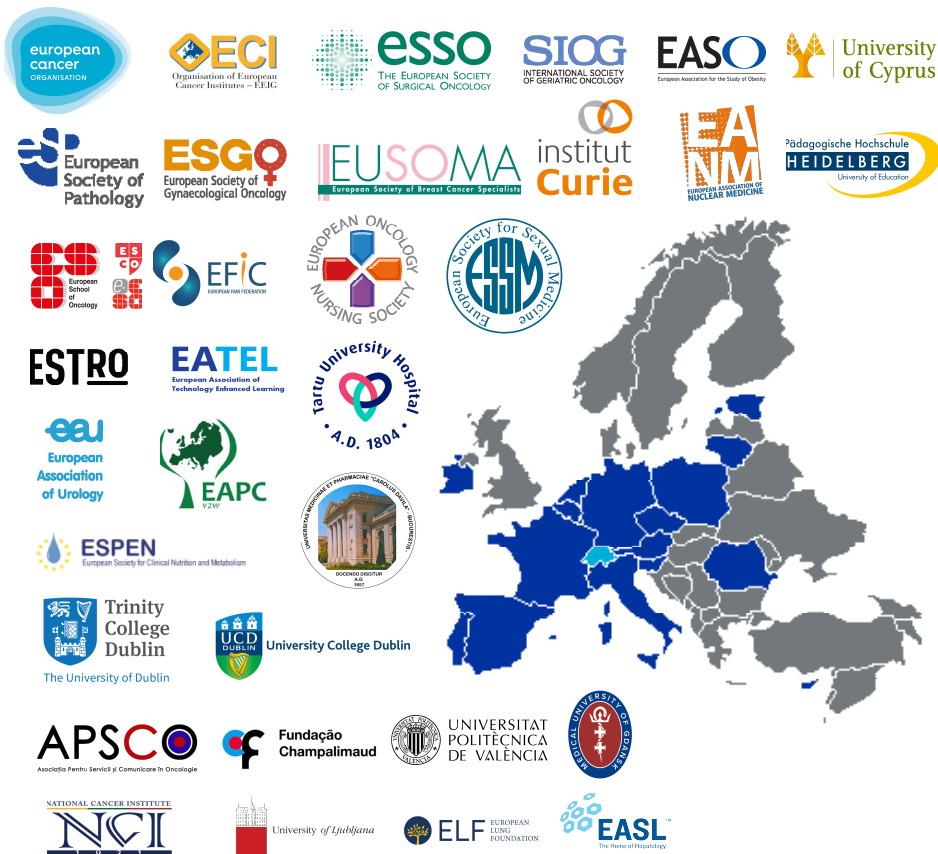

Building upon outcomes and contributions of all project partners, the project’s Blueprint will ensure the long-standing impact of the project. It will outline key recommendations and requirements for the successful delivery of a technology Inter-Speciality Cancer Training Programme (ISCTP) in Europe

Consortium

33 Partners from 17 countries

Our Consortium Partners include a diverse group of professional organisations, cancer centres and patient groups. .

Co-funded by
the European Union

ENGAGED EXTERNAL CONSULTATIVE SUPPORTERS

This is our pathway for close engagement of relevant stakeholders in the implementation of EU projects that ECO is coordinating or participating in

We aim to:

- **Promote inclusiveness in the delivery of EU flagship health policy and EU-funded projects, and**
- **Optimise impact and create avenues to influence policy**

Do you represent a healthcare, research organisation or a patient organisation?
